

IN LOVING MEMORY

Isabel  
Brown

## A Heartfelt Tribute from the Brown Family

*Mom and Dad began their journey with Polled Herefords in 1953, searching for a docile breed that would suit their young family.*

*Their passion for Polled Herefords went beyond simply raising cattle; it was about building lifelong friendships and supporting fellow breeders. They took immense pride in helping to introduce the breed to Wisconsin and remained deeply committed to educating and encouraging new breeders throughout their lives.*

*Their involvement in WHA events and initiatives stemmed from a sincere desire to contribute to the Hereford community's growth and success. The bonds they formed and the joy they experienced with friends and colleagues across the state and nation held a special place in their hearts.*

*We extend our heartfelt thanks to our Hereford friends for being an important part of their journey and for the lasting memories we will all continue to cherish.*

*With warmest regards and deepest appreciation,*

*Carolyn and Eric Erdman  
Cindy, Jenny and Ben Brown  
Bette and Paul Slayton*
